This is a little bit different than the Spring Table runner. Instead of mirroring the arches I have made the four arches in the same color way. This means you can use the 2 H templates and the 2 I templates and use the same fabric selection chart to stack the fabrics in the right order.

With the "Fabric Selection Chart for the Corner Arches part H and I as a guide, place the fabrics in the right sequence in front of you. Starting with **fabric 2** for foundation point 2, **fabric 4** for foundation point 1, **fabric 3** for foundation point 3,

Follow the fabric selection chart and stack the fabrics on top of each other. When you are finished placing the fabrics on top on each other, turn the pile upside down. Now your stack from top down is in the order 2, 4, 3, 2, 4, 2, 3, 2, 4, 2, 3 etc. etc. – just like the fabric selection chart! Use the leftover pieces for the second and the fourth arch of part H & I.
